PRESS COMMUNIQUE.

Port St. George, the 21st January 1935.

No. 31.-

The following Press Communique is issued for the information of the public:-

On the 26th January 1935 the Legislative Council passed the following resolution:-

"That this Council recommends to the Government that a remission of not less than 50 per cent be granted in land revenue levied in all districts in respect of wet and dry lands, and inclusion of water-cuts, for the current year, i.e., 1934-35, except in the case of farms affected areas, where full remission is absolutely necessary, and that Anantapur district deserves special consideration apart from other districts in the Presidency, and in the case of districts which have been resettled, the remission due to resettlement shall also be suspended."

The Government consider that the implications of this resolution should be fully realized throughout the Presidency.

The acceptance of this resolution by the Government would involve a loss of revenue in the current year of Rs. 3,73,35,000. The deficit on the present financial year's working for the year 1934-35 would become 9½ crores of rupees, and the closing balance would be converted at the end of the current year from an expected credit balance of Rs. 215 lakhs to an overdraft of Rs. 35 lakhs. Assuming a repelling during July 1935 of the reduction in land revenue demand recommended in this resolution in respect of the current year, the effect on the financial year 1935-36 would be that, even making no provision for any schemes of new expenditure, however, urgent, or necessary for the welfare of the Presidency, there would be a deficit in the budget of Rs. 291 lakhs, and the overdraft would be increased from Rs. 35 lakhs to Rs. 204 lakhs at the end of the year.

The Government therefore consider it to be their duty to bring home to the public at the present juncture the results which would accrue from the policy recommended by the Council in the resolution.

To prevent the bankruptcy of the Province which would be the result of continued and heavy deficits in the budget and increases in the overdraft on the Government of India, a further campaign of drastic retrenchment would be immediately essential to reduce expenditure to the level of approximately 2½ crores against the existing normal expenditure of 10½ crores.

This would not merely render impossible all progress in the administration and in the progress of those amenities which are so necessary throughout the Presidency, roads and bridges, village co-operation and water-supply, schools, hospitals and dispensaries, for which large grants are now made from Provincial revenues, but would involve a retrogression in every sphere of existing Governmental activity, and disbandment on a large scale of existing establishments, thereby increasing still further unemployment among the educated classes.

It must therefore be apparent that no administration could accept a resolution of this character, unless it were prepared to paralyse the whole machinery of Government.

1. The contractor will be required to unload each day all the salt from all the boats arriving at the Shunter Depot on Tasmanian salt in the course of the day and to store it. The salt must be received from the boats in strong and suitable bales to be supplied by the contractor and must be stored as directed by the Officer in charge of the Shunter Depot on salt.

(1) by being taken down from the boat to the storage area, then weighed in Government scales and loaded again, into bags of XXXX grams or such other dimensions as the Officer in charge of the Shunter Depot may order; or

(2) by being placed on the trestle track and subsequently carried to the storage space and stowed with as little loss as possible.

(3) by being taken down from the boat to the storage space, there weighed in cup scales and stowed in bags which must be sealed and stacked as ordered. The bags will be supplied by Government; or

(4) by being placed on the trestle track and subsequently carried to the storage space and stowed as in (3).

2. In respect of salt intended for bag storage the contractor may not be required to do the work described in sub-clauses (1) and (3) of clause 1, but in the alternative he will be required to unload and take the salt down from the boats arriving at the Shunter Depot to the storage space to be stored by the Officer in charge of the Shunter Depot and stack it on the same day of its arrival at the depot.

3. The tenderer should specify at what rate per ton of 100 cwt. he is willing to execute the work of (1) unloading and storing according to each of the methods described in clause 1 above and (2) unloading and stacking as described in clause 2 above.

4. Every tenderer tendering should be authorised "Tenderer for the work of unloading and storing salt at the Shunter Depot" and should enclose a treasury receipt for payment of the Shunter Depot, January of the year of the 100 cwt. salt at current rates.

5. The second tenderer will be required to make at once a further deposit of £100 in cash or treasury notes for the full fulfilment of the contract and to execute an agreement that the same conditions of work are not to be in the Shunter Division unless with the being allowed at the discretion of the tenderer and, in case of his failure to do so, his deposit will be forfeited to Government and the acceptance of his tender accepted. The stamp duty on the agreement must be paid by the tenderer.

6. The right of rejecting or accepting any tender without assigning any reason for so doing is reserved to the Government. It is open to the Collector of Customs and Public Revenue, Station, to accept tenders either for the work described in clause 1 or only for those described in sub-clauses (3) and (4) of clause 1 and clause 2.

7. Further particulars may be obtained at the office of the Assistant, Shunter Depot, Onslow, Tasmanian, Station.

8. The deposits of unsuccessful tenderers will be returned as soon as possible, when the deposits of the successful tenderer will be retained on the fulfilment of the contract.

413. The Chairman's draft of the budget estimates for the year 1921-22 and the revised estimates for the current year, of the receipts and expenditure of the Trust's Revenue and Capital accounts and of the Reserve and Investment Funds, the Reserve and Investment Funds and the Auxiliary Fund, as required by section 11 of the Madras Port Trust Act, have been in the hands of the Chairman since the 12th December 1921, as well as the Schedule of the Board's draft for the year 1921-22 submitted by the Chairman on 2nd January 22 of the Act, were considered by the Board at the meeting. It was resolved, under section 11, that, subject to such further amendments of figures as may, in the meanwhile, appear necessary, the estimates be approved and be submitted to Government as required by section 11 of the Madras Port Trust Act.

It was also resolved that the Schedule of staff for the year 1921-22 as submitted by the Chairman be approved. It was further resolved that the unauthorised staff on the Schedule of staff for 1921-22, who have been employed in the discharge of staff for 1921-22, be not reckoned as staff.

RECEIVED.
 At St. George's Fort, Madras, this 8th day of February, 1905.
 By the Secretary to the Government of Madras, in the name of the Governor.

Bills introduced in the Council of the Governor of Fort St. George assembled for the purpose of making Laws and Regulations.

The following Bills which have been introduced in the Madras Legislative Council are published, together with the Statements of Objects and Reasons, under rule 20 of the Madras Legislative Council Rules:—

BILL No. 2 OF 1905.

A Bill to amend the Madras Estates Land Act, 1905.

WHEREAS it is expedient to amend the Madras Estates Land Act I of 1905, for the purpose herein appearing, namely, reduction of rent in proportion to the fall in prices;

1. This Act may be called the Madras Estates Land (Amendment) Act, 1905.

2. The following provision will be inserted as section 59-A of the Act after section 59 :

- 59-A (1) Where for any land in his holding an occupancy rent pays money rent he may file an application before the Collector for reduction of rent payable by him on the ground that average local prices of staple food crops in the taluk or mandalari division are lower by not less than 10 per cent than the average figures of prices on the basis of which rent in regard to such land was fixed under section 49 or under Chapter XI of the Act or otherwise.
- (2) The reduced rent shall bear to the rent so fixed, the same proportion as the average prices during the fasli for which the application referred to in sub-section (1) is made, bear to the average prices on the basis of which the rent had been previously fixed.
- (3) The application referred to in sub-section (1) shall be made during the fasli for which the rent sought to be reduced is due or payable, provided that the said application shall not be barred by the fact that the rent payable was previously or subsequently paid or realized.
- (4) On the making of such an application, the Collector shall, after such enquiry as may be prescribed, determine the amount, if any, by which the rent shall be reduced.
- (5) The order of the Collector under this section shall be final, subject to the result of an appeal to the District Collector to be preferred within 30 days of the date of the Collector's order and shall not be questioned in any civil court and shall hold good during subsequent fasli until the rent so reduced is modified on an application by the ryot or the landholder who shall be at liberty to apply for enhancement of the rent so reduced on the ground of rise in prices in subsequent fasli up to the rent originally fixed under section 49 or Chapter XI of the Act or otherwise.
- (6) The making of an application for reduction or enhancement of rent under this section shall not operate as suspension of rent payable or

due for the fall in respect of which the application is made, nor shall the appeal to the District Collector under this section operate as a bar to the realisation of the rent fixed by the Collector on an application made under this section.

- (7) The provisions of section 198 of the Act shall apply mutatis mutandis to applications made under this section.

STATEMENT OF OBJECTS AND REASONS.

Since 1920, there has been a phenomenal fall in the price of staple food crops so much so the value of the entire yield of a holding for which cash rent is payable, is found insufficient or just sufficient to pay the rent. This fact is realised by the leading landlords who therefore agreed to provision being made in the Madras Estates Land Act for reduction of rent in proportion to the fall in prices in certain circumstances. Accordingly, notice of amendments was given by the *Estates of Venkatasagar and others* as well as by the *Boys of Kanchi* and another to Bill No. 22 of 1931, the Bill introduced by the Honorable Sir Archibald Campbell to amend the Madras Estates Land Act. But, the amendments were ruled out of order by the President of the Madras Legislative Council as outside the scope of the amending Bill (Bill No. 19 of 1931).

The provision in section 56 (1) (c) of the Madras Estates Land Act for reduction of rent, does not apply to rents commuted under section 50 or settled under Chapter XI of the Act. Section 56 (1) (c) does not apply to cases of the fall in prices due to temporary causes. Though the fall in prices cannot be attributed to temporary causes as in the result of the policy adopted by countries hitherto dependent upon British India and on Burma for their supply of rice to be self sufficient, the Board of Revenue, Madras, more than once expressed the view that the present fall in prices cannot be taken into consideration in settling rent under Chapter XI of the Madras Estates Land Act, on the ground that there is nothing to show that the fall in price was occasioned by causes other than temporary. The result is that officers appointed to settle rent, fixed rates of rent on the basis of average of prices which prevailed during 10 years preceding the settlement regardless of the abnormal fall in prices. The rent so settled amounts at least to the full value of the crops at the prices now prevailing. Such rents cannot be fair and equitable. All the same, the rent so settled under the present law is untenable for a period of 20 years from the fall exceeding the date of the

settlement. It is therefore necessary to meet the present situation that the rigour of the law should be relaxed. The leading landholders do realise the inequality of the existing law and grant remissions which they are not bound to grant under the existing law. But such remissions being purely voluntary and precarious are not uniform or adequate. Legislation is therefore necessary to relieve the unprecedented and undreamt of situation that has arisen. Otherwise, lands will be abandoned or relinquished by ryots resulting in their misery and in heavier loss to landholders.

BILL No. 3 OF 1935.

A Bill to amend the Madras Estates Land Act, 1908.

[Same as Bill No. 2 supra.]

P. V. KRISHNAYYA CHEUDARY.

BILL No. 4 OF 1935.

A Bill to provide for the better controlling of beggars in the City of Madras.

WHEREAS it is expedient to amend the Madras City Police Act, 1888, and the Madras Children Act, 1933, for the purpose of better controlling beggars in the City of Madras;

AND WHEREAS the sanction of the Governor-General has been obtained;

It is hereby enacted as follows:—

1. This Bill may be called the Madras City Beggar Bill, 1934.

2. In section 3 of the Madras City Police Act of 1888, after the definition of 'cattle,' the following shall be inserted:—

" 'Certified' means certified by the Local Government under this Act."

3. Sub-section XXX of section 71 of the Madras City Police Act, 1888, shall be deleted and the following section shall be inserted after section 71:—

" 71 A. Whoever begs or applies for alms or exposes or exhibits any sores, wounds, bodily ailment or deformity with the object of exciting charity or of extorting alms in any public street,

road, thoroughfare or place of public resort shall be liable on conviction—

(i) for the first offence, not falling under clause (ii) below, to be dealt with under sub-section (1) or (1-A) of section 562 of the Code of Criminal Procedure, 1898 ;

(ii) for a second or subsequent offence, not falling under clause (iii), to be committed—

(a) where the offender is able-bodied, to a certified work-house or settlement; or

(b) where the offender is infirm or diseased, to a certified hospital or almshouse;

(iii) where the offender has been guilty of a refractory or turbulent conduct, to a term of imprisonment not exceeding six months."

4. The following sections shall be inserted after section 80 of the Madras City Police Act, 1888:—

" 80-A. The Local Government may certify any existing homes, refuges, workshops, settlements, almshouses or hospitals as fit for the reception of such offenders.

80-B. The local Government may, after previous publication, make rules for the purpose of carrying into effect the provisions of sections 71-A and 80-A of this Act."

5. In section 29 of the Madras Children Act, 1920, in sub-section (1), after '(d)' the following shall be inserted:—

" or (e) is found begging or receiving alms in any public street, road, thoroughfare or place of public resort in the City of Madras."

STATEMENT OF OBJECTS AND REASONS

In 1904, the Corporation of Madras appointed a committee to consider and formulate proposals for the better control of professional begging in the City. One of the recommendations of this Committee was that the Madras City Police Act of 1888 should be amended with a view to (a) including within its scope beggars suffering from contagious diseases, (b) giving to Magistrates power to commit able-bodied beggars to recognized work-houses or settlements and infirm or diseased beggars to recognized almshouses or hospitals. It was also recommended that Magistrates should be empowered to sentence refractory or turbulent beggars to imprisonment,

and to deal with child-beggars under the Madras Children Act of 1930.

This Bill seeks to carry out these recommendations by amending the Madras City Police Act of 1936, and the Madras Children Act of 1930. It also makes provisions for the recognition by Government of suitable settlements, work-houses, night-houses and hospitals.

The whole purpose of this Bill is to provide the machinery whereby beggars can be removed from the streets of the City and committed to the care of suitable institutions, the sheltered to places where they will be made to work, the indigent to almshouses, the distressed to hospitals and the children to certified schools. The law can provide the machinery, but it will be for the public, the municipality and the Government to co-operate in making the machinery effective.
